

BANYAN
Leaders in Business Aviation
Fort Lauderdale Executive Airport

The Banyan Complex

Established in 1979 as a small maintenance facility, Banyan Air Service has grown to become an internationally recognized full-service FBO. We offer award-winning customer service and ground support, turbine airframe and engine maintenance, avionics service and installations, aircraft sales, parts solutions, a unique Pilot Shop and gourmet dining at Jet Runway Café. Our 110-acre aviation complex is also home to the most respected flight schools, charter operators, air ambulance, aircraft paint and interior facility, and property managers in the Southeast. Our team invites you to experience our personalized service centered around your needs.

*Don Campion,
President*

Welcome to Banyan Air Service

Relax in our tropical “Key West” style terminal complete with cascading waterfall, 800-gallon saltwater aquarium, 30-foot palm trees and plantation-style paddle fans. In addition to our spacious customer lobby, we offer an executive business center, three conference rooms, flight planning center, sleep bunk room, private shower, three pilot lounges, restaurant, vending and snack area, Internet access throughout the complex and a view of the airport that is just simply amazing. Banyan oversees a property comprised of office and hangar space that exceeds 1 million square feet.

Line Service and Ground Support

When you taxi to Banyan Air Service, you'll be marshalled onto our spacious ramp by experienced line service technicians and greeted with a red carpet, helpful attitudes and welcoming smiles. All of our line service technicians are Safety First Certified, IS-BAH Stage 1 Certified and have completed an extensive Banyan program focused on finding ways to accomplish even the most difficult requests. Equipped with the best trucks, tugs and GPUs, you can depend on our team to safely take care of your passengers, crew and aircraft.

"Avfuel voted the nation's #1 Fuel Brand"

Customer Support

Our investment into facilities, equipment and training fosters personal and professional growth for our teammates and is a key element allowing Banyan Air Service to respond to customer needs. Our Product is Service...Our Strength is our People. Happy professionals with a love for aviation, a passion for service and a commitment to meeting your needs is our team's highest mission. Our staff will assist you with car rentals, maps, directions, hotel reservations, Bahamas travel information, catering and many other services tailored to fit your needs.

At Banyan, you are our guest!

Convenient Business Location

Banyan is a gateway to the Bahamas, Caribbean and South America and our location is close to major highways and only minutes to the Fort Lauderdale business district. This makes Banyan the perfect choice as a safe and convenient place to hangar your aircraft. Our hangars accommodate a wide variety of aircraft up to Global Express sized aircraft. Additionally, office space in the Banyan complex provides you the luxury of having your business and aircraft in one location, making it very easy for you to seize business opportunities when they happen.

Banyan North

Banyan is pleased to announce the completion of the newest business aviation hangar complex in South Florida, including eight 20,000 square foot hangars with 28-foot hangar doors. Located on the northside of Fort Lauderdale Executive Airport, our new complex has a satellite terminal we call “Banyan North” and is an expansion of our current FBO on the south side of the airport. Banyan North has convenient access to major highways and downtown business districts.

Your Next Hangar Awaits

Now is THE BEST time to relocate to KFXE. We have corporate hangar space available at one of the finest private hangar facilities in South Florida.

- VIP facility with very limited public access
- Exclusive group of part 91 owners
- Customer handling with respect to a COVID-19 critical area
- VIP vehicle handling and storage
- 24/7 camera monitored hangar storage
- Preferred based tenant pricing for JetA and Services
- Direct access and exposure to Cypress Creek Blvd
- Midfield location with very short taxi times
- Customized office suites with direct hangar access
- Polished concrete floors complemented by the latest LED lighting inside and out

Turbine Airframe and Engine Maintenance

We have more than 70,000 square feet of hangar space dedicated to Banyan Technical Services. Our expertise covers everything from routine periodic events to the most significant structural inspections, modifications and repairs. Our technicians constantly receive recurrent and formal factory training earning individual FAA awards resulting in the Banyan Maintenance Division being recognized as an FAA Diamond Award winner. We are authorized as a FAA and EASA approved repair station and have also earned repair station designations for Argentina, Aruba, Brazil, Cayman Islands, Chile, Colombia, Mexico, and Venezuela.

One Aircraft At A Time

Many different aircraft owners and operators rely on Banyan to perform their maintenance and our dedicated technicians are honored each time an aircraft enters our shop. Every Banyan technician has the passion and commitment to ensure your aircraft's maintenance is done perfectly. Following procedures, adhering to standards, meticulous devotion to getting it done right is what the Banyan maintenance team is all about. While our capabilities cover a wide range of aircraft, we treat each one as the only one and deliver it *On Time...Done Right...As Quoted.*

Avionics Installations, Service and Bench Repairs

Many operators depend on our avionics team to advise them on the best equipment for their aircraft at the most competitive prices. We are factory authorized as a service and warranty center for literally every major avionics manufacturer in the industry today. Our department engineers see the most complex of avionics systems and our experienced technicians install and integrate flat panel displays, satellite communications, radar, autopilots and the newest in connectivity, navigation and entertainment systems. More charter operators, flight departments and corporate fleets choose our avionics service above any other in the southeastern United States.

Leader in Emerging Technologies

Our avionics department has dedicated hangar space, a mobile avionics team and technicians who are passionate about their work. This allows the team to achieve a high level of customer satisfaction no matter how complex the job or type of aircraft involved. We are leaders in keeping you connected using Wi-Fi enabled devices. Stream video, send emails, or continue your meeting by phone at 45,000 feet. As a leader in emerging avionics technologies, the Banyan avionics team takes pride in developing STCs that meet new demands. Banyan avionics is also recognized as a FAA and EASA approved repair station and as a repair station for Argentina, Aruba, Brazil, Cayman Islands, Chile, Colombia, and Mexico.

Aircraft Sales

Banyan's aircraft sales division specializes in aircraft selection, valuation, and negotiation of turbine aircraft. Whether you are a first-time aircraft buyer, or looking to upgrade, we will help you find the best value in the re-sale market. Our team of experts have the expertise to manage all facets of the transaction from pre-purchase to final delivery. Banyan is an Authorized HondaJet Dealer for the Southeast United States.

*Michael O'Keeffe
Sr. Vice President
ATP*

Parts Solutions

Our parts department offers you an unmatched ability to locate almost any part, for any aircraft, at the most competitive prices. Our experienced, multilingual staff, will assist you with any requirement you have for hard-to-find parts, components, rotables, and avionics. We have hundreds of product lines and thousands of items available with overnight delivery at the right prices.

Banyan Pilot Shop

One of the largest and most unique aviation stores in the world -- much more than a typical pilot shop. Our 5,000 plus square foot showroom is a definite must-see for aviation enthusiasts and pilots of all ages. As you enter the store, you'll see propellers in the entry way, runways that guide you to the store's center, a flight simulator room full of the latest simulator products and a modified Gulfstream II equipped with its own flight simulator software ready to test your flying skills. Although we have everything a student or professional pilot would want, you don't have to be a pilot to shop here. We have something for everyone!

Jet Runway Café

Experience the atmosphere! Savor the look and taste of the food! Enjoy the view! Then you'll know why Jet Runway Café is rated as "one of the best lunch spots" in Fort Lauderdale. Only steps away from the Banyan FBO terminal is this breakfast and lunch destination that is sure to delight your taste buds and provide an amazing view of the airport. Once you experience Jet Runway Café, you'll know why it's considered a "hidden gem." Evenings at Jet Runway Café are reserved for special events and can include transforming the attached airplane hangar into a spectacular venue. For more information, visit jetrunwaycafe.com

Our Mission

To provide exceptional aviation services through dedication to safety, quality and efficiency while maintaining a commitment to the growth and development of our team.

. . .

Our Guiding Principals

We honor God in all we do.

We inspire trust by being trustworthy.

We provide opportunities for our people to grow.

We serve our customers in remarkable ways.

We pursue excellence and continuously improve.

We contribute to the communities we serve.

.

Thank you for taking the time to learn a little about our great company. We strive to have our teammates view their work as a career, not a job. Our business is built on long-term relationships and our interests go way beyond just making a sale. From the linemen on the front ramp, the technicians on the shop floor, to the administrators and managers, you can count on a spirit of team commitment to make your experience at Banyan pleasant, productive and memorable.
